

Dimming & Sensor 2-Port Junction Box Assembly CA002S(P)

- For quick connection between SG200 and lighting fixtures through RJ11 cable
- Equipped with quick connectors
- Sensor ranges: CA002S=5m; CA002SP=12m
- Sensor sensing angle: 100°
- Minimum temperature difference for sensor to detect: 4°C
- Dimming method 0-10VDC
- Length of wires: 50cm
- CE compliant
